We would again remind the farmers of the district that the time is growing short and if they intend purchasing shares in the Farmers' Elevator, which will be built here, they had better do so at once. Announce-ment of a meeting is published elsewhere in this issue, and all those interested should make it a point to attend.

Germany is not the only wicked empire in history, but Germany runs amuck and proclaims a freedom of the seas which is anarchy pure and simple. I have now a full range of harness on hand.

Anyone needing Harness or Horse requisites will do well to look over my stock. There is nothing more sure than that the price of Harness will take a big jump, either this month or next, as the result of the abnormal advance in the price of leather and all raw materials needed.

Practically all the large manufacturers have to go to the tanneries to renew contracts this month, and I am told on good authority, that there will be an increase of at least 18c per lb on last contract in Sept.

It is therefore easily seen what a difference this will make on a set of harness.

I, personally, expect to see harness advance 25% this summer.

Now, you all know what my prices were last Spring; they will be practicially the same this Spring as long as Stock on hand lasts.

I have a large and varied stock of

A CHRISTIAN MESSAGE

By the Rev. H. T. Egedahl

By the Rev. H. T. Egedahl

What is the purpose of the miracles of Jesua?

1. They are to awaken the faith that Jesus is the Christ, the son of God,
2. Through that faith they are to lead us to life eternal. "And that believing" not mere assent of the understanding but trust of the heart. And the result, "life through his name."

Our age is a life age, but alas it seeks its life too often among the husks of the world, not there is it to be found, but in Jesus Christ. Man lives not by bread alone, there are desires that can not be stilled by the best the world has to offer, but which are satisfied by Jesus. In Him we find consolution in sorrow, peace for the troubled conscience, joy in the providential leadings of God, strength for the battle against temptation, the silencing of doubt. What is life without these?

But with these, to be desired for strength or first-fruits.

But with these, to be desired for eternity, and these are the first-fruits of eternal life.

The finished shell must not only stand a high hydraulic pressure, but year in steel, isolated from the clang and hum of the factory in an almost hermetically-scaled but, taps each shell as it is sent into him on a little trolley. Those which give out the others go to the scrap heap. This is the final trial before loading. Shrapnel builets are placed in the core of the shell by young girls, whose work is fully up to that of trained arsenal workers.
